Hello Mama Mia,

As a current master's student, I have spent most of my time immersing myself in Data Science and Machine Learning. I am confident in my ability to perform as a Data Scientist in Demo due to my extensive education and work experience.

My abilities as a Data Scientist are rooted in a sturdy education in mathematics. I have good, consistent scores in my undergraduate math classes. This foundation enabled me to pursue a Master's degree in Data Science.

Here is my job content.

I would like to thank you for your time and consideration. I look forward to hearing more about Demo and the details of the Data Scientist position.

Sincerely,

Srimanth Agastyaraju
